

Dear Customers and Partners:

We want to take a moment to provide you with an update on our response to the COVID-19 (Coronavirus) health emergency. The C.L. Services Leadership Team is closely monitoring the status of the outbreak and its potential adverse impact on supply chain continuity. The health and safety of our customers, partners and employees is and will always remain a top priority.

As a company we are taking measures to ensure that our clients, shippers, consignees and their affiliates are taken care of with minimal operational disruption. Our offices are currently working at full staff, while maintaining the necessary precautions to protect the wellbeing of our employees.

As the number of cases continues to escalate globally, C.L. Services is taking the necessary measures to prevent the potential spread of the disease. We are available 24/7 and will not let this situation impede on our obligation as your transportation partner.

Thank you for your continued confidence in and partnership with C.L. Services.
